PIERCE MANUFACTURING ANNOUNCES MATCHING GIFT TO BENEFIT NATIONAL FALLEN FIREFIGHTERS FOUNDATION

Through March 31, NFFF Full Throttle Support II donations are doubled up to \$10,000.

APPLETON, Wis. (March 18, 2010) — Pierce Manufacturing Inc., an Oshkosh Corporation [NYSE: OSK] company, today announced a matching gift donation to benefit the National Fallen Firefighters Foundation (NFFF) through the NFFF Full Throttle Support II initiative. From March 18 through March 31, Pierce will match all donations received, up to a maximum of \$10,000.

“The Pierce family is an integral part of the firefighting community, and we believe in the vital mission of the NFFF to support the loved ones of fallen firefighters,” said Wilson Jones, Oshkosh Corporation executive vice president and president, Fire & Emergency. “As year two of the NFFF Full Throttle Support initiative reaches its conclusion, we urge all to step forward and make a gift that we will gladly match up to a total of \$10,000.”

Pierce Manufacturing and Harley-Davidson teamed up to support NFFF Full Throttle Support II. The campaign features the awarding of a custom, one-of-a-kind Harley-Davidson Fat Boy Firefighter Special Edition motorcycle at the Fire Department Instructor’s Conference (FDIC) on April 22, 2010. Individuals and groups can donate to the NFFF and be automatically entered into a sweepstakes to win the motorcycle through March 31, 2010 at <http://NFFF.FullThrottleSupport.com>.

The NFFF is a 501(c)(3) nonprofit organization that remembers and honors America’s fallen firefighters by providing their survivors with a place to turn for help rebuilding their lives. Spouses and children of fallen firefighters are eligible, through NFFF, for education, scholarship assistance and job training. Furthermore, NFFF-established peer networks offer families and coworkers essential emotional support.

“Throughout the NFFF Full Throttle Support campaign we’ve been moved beyond words by the commitment and dedication shown by the people of Pierce, its dealer network, Harley-Davidson and everyone who supports our mission,” said Ron Siarnicki, National Fallen Firefighters Foundation executive director. “Without their advocacy we would not be able to expand our programs to support the loved ones of our fallen heroes.”

* NO DONATION OR PURCHASE IS NECESSARY TO ENTER. All rules, including instructions for entry without donation and eligibility requirements, are on the sweepstakes Web site.

About Pierce Manufacturing

Pierce Manufacturing Inc., an Oshkosh Corporation [NYSE: OSK] company, is the leading North American manufacturer of custom fire apparatus. Products include custom and commercial pumpers, aerials, rescue trucks, wildland trucks, mini-pumpers, elliptical tankers, and homeland security apparatus. In addition, Pierce designs its own foam systems and was the first company to introduce frontal airbags and the Side Roll Protection system to fire apparatus. To learn more about Pierce, visit www.piercemfg.com.

About Harley-Davidson Motor Company

Harley-Davidson Motor Company, the only major U.S.-based motorcycle manufacturer, produces heavyweight motorcycles and a complete line of motorcycle parts, accessories and general merchandise. For more information, visit Harley-Davidson's Web site at www.harleydavidson.com.

About National Fallen Firefighters Foundation

The National Fallen Firefighters Foundation is a 501(c)3 organization with a Congressional mandate to honor all firefighters who die in the line of duty in the United States. The National Fallen Firefighters Foundation is the only fire service organization that represents every facet of the American fire service – career, volunteer and wildland. The Foundation has launched major initiatives to reduce firefighter deaths. The Foundation has no allegiance to any special interest. For more information, visit www.firehero.org.

Forward-Looking Statements

This press release contains statements that the Company believes to be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company’s future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this press release, words such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” “should,” “project” or “plan” or the negative thereof or variations thereon or similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors, some of which are beyond the Company’s control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors

include risks related to sustaining the required rate of production for the M-ATV contract and the amount, if any, of additional orders for M-ATVs that the Company may receive; the cyclical nature of the Company's access equipment, commercial and fire & emergency markets, especially during a global recession and tight credit markets; the duration of the global recession, which could lead to additional impairment charges related to many of the Company's intangible assets; the expected level and timing of U.S. Department of Defense procurement of products and services and funding thereof, risks related to reductions in government expenditures, the potential for the government to competitively bid the Company's Army and Marine contracts and the uncertainty of government contracts generally; the consequences of financial leverage associated with the JLG acquisition, which could limit the Company's ability to pursue various opportunities; risks related to the collectability of receivables during a recession, particularly for those businesses with exposure to construction markets; risks related to production delays as a result of the economy's impact on the Company's suppliers; the potential for commodity costs to rise sharply, including in a future economic recovery; risks associated with international operations and sales, including foreign currency fluctuations; and the potential for increased costs relating to compliance with changes in laws and regulations. Additional information concerning these and other factors is contained in the Company's filings with the Securities and Exchange Commission. All forward-looking statements speak only as of the date of this press release. The Company assumes no obligation, and disclaims any obligation, to update information contained in this press release. Investors should be aware that the Company may not update such information until the Company's next quarterly earnings conference call, if at all.
